

1930

CALENDAR

1931

September 15—School really started and promised to be a successful year. Did you notice the new teachers?

September 26—A practice game with Cyprus opened the football season. Cyprus won the game.

October 10—Wasatch found victory in her own back yard after a hard game with Morgan.

October 13—The Juniors entertained the Seniors at a Hard-times Party. There were some very appropriate costumes.

October 24—Wasatch lost its second game to Coalville but why mourn—here's to a better success next time.

October 31—The last football game was a real fight with Park and ended in a tie. The score was 7-7.

November 12—A voodoo woman—a maniac—a haunted house—a murder. Remember that awful play, "The Cat and Canary."

November 14—The Seniors held the annual Hop in "Jap style." Every one had a good time and danced till dawn.

November 24—All the town was talking. The Ag boys were holding the Apron and Overall ball and they knew it would be a big time.

November 27—School let out in order to let us fill up. Gee, we were hungry.

December 17—The school play "Little Women" was a never-to-be-forgotten entertainment.

December 24—The day before Xmas and we had no time to shop—but vacation continued until Jan. 5.

January 9—Basketball season opened with a game at Park. The Pep Club members were also initiated.

January 16—Wasatch witnessed another victory on our floor. This time with Coalville.

January 22—Remember the good looking Nephite. We won the game by 4 points.

January 30—Wasatch pulled in the sidewalks and went to Kamas where one of the best games of the season was held.

February 3—Wasatch scored high over Morgan though several vocal chords were split.

February 6—The game with Park was just right and the dance following was also just right.

February 13—Wasatch won over Coalville again after playing one and a half games.

February 20—"The Fatal Necklace," a one act play, was presented in assembly. Did you know we had good-looking boys?

March 6—Wasn't it a disappointment to lose the last league game, but we won the division anyway.

March 11 and 12—The Music Department presented "Lelawalla," the annual operetta and one of the best we have ever given.

March 18 and 19—The two unvictorious days at the basketball tournament held all the fun success could have offered.

March 27—The class of '32 gave the biggest and best prom of years.

April 11—The girls had full say—took their ideal to a dance and—well, if she felt rich—maybe to a show.

April 16—The Dixon Medal was won by Geneva Wilson.

MISS WHIPPLE: "Well, where are your angry farmers?"

MR. DE GRAFF: "Which angry farmers?"

MISS WHIPPLE: "Why, didn't you say you brought me clear out here to see the cross country men?"

MR. HATCH: "Russ, give me a definition of density."

(No response from Russ.)

MR. HATCH: "I said a definition, not an illustration."

"WASP STINGER"

Miss Madsen: "Who threw that eraser?"

Dale Adair: "It was me."

Miss Madsen (correctingly): "It was I."

Dale: "Gee, it's good of you to take the blame."

FOR BOYS ONLY (Read Backwards)

Didn't you if girl a be wouldn't you;
this read you'd knew we.

Young Teddy went in for a swim,
He hung his clothes on a hickory limb.
Two old maids were passing there;
Alas! they saw a Teddy bare.

Prof: "And so we can come to the conclusion that nothing is impossible."

Dot Nelson: "Well, I'd like to see you ram this umbrella down your throat and open it."

"It's the little things that tell," said Erma, as she dragged Art from behind the davenport.

Edison, with all his inventions, was a piker compared to the ambitious young artist who advertised—"Your baby, if you have one, can be enlarged, tinted, and framed for \$7.89."

STAFF QUIZ

Question: State in your own way the answer to the following: (1) How can we avoid germs? (2) How do germs get into our bodies? (3) How can we prevent teeth from decaying? (4) How can we avoid germs?

Answers by Farley: (1) To avoid germs stand alone in a crowd. (2) The way germs get into our bodies is by riding on street cars. (3) To prevent teeth from decaying wrench them out every morning. (4) To avoid germs disinfect the throat with a weak dilution of carbolic acid and water as a gargle.

Question: Is it proper for the guest of honor to sit on the right hand or the left hand of the host?

Answer by Faye: I should think he'd sit on a chair; the host might want to use his hands to eat.

Question: Why do they call stunningly dressed women magnetic?

Answer by Dee: Why, because usually everything they have on is charged.

Question: Is it best to lie on the right or left side?

The Editor (just coming in): If you are on the right side it isn't necessary to lie at all (and the quiz stopped).

If you can't laugh at the jokes of this age, then laugh at the age of these jokes.
